Commissioner for Patents

The supplemental reply filed on 9/18/07 was not entered because supplemental replies are not entered as a matter of right except as provided in 37 CFR 1.111(a)(2)(ii).

Applicant's Supplemental Response does not comply with MPEP 714.03(a):

714.03(a) [R-3] > Supplemental< Amendment \*\*

37 CFR 1.111. Reply by applicant or patent owner to a non-final Office action.

(a)  
(1) If the Office action after the first examination ( § 1.104) is adverse in any respect, the applicant or patent owner, if he or she persists in his or her application for a patent or reexamination proceeding, must reply and request reconsideration or further examination, with or without amendment. See §§ 1.135 and 1.136 for time for reply to avoid abandonment.

\*\*>  
(2) Supplemental replies . (i) A reply that is supplemental to a reply that is in compliance with § 1.111(b) will not be entered as a matter of right except as provided in paragraph (a)(2)(ii) of this section. The Office may enter a supplemental reply if the supplemental reply is clearly limited to:

- (A) Cancellation of a claim(s);
  - (B) Adoption of the examiner suggestion(s);
  - (C) Placement of the application in condition for allowance;
  - (D) Reply to an Office requirement made after the first reply was filed;
  - (E) Correction of informalities ( e.g., typographical errors); or
  - (F) Simplification of issues for appeal.
- (ii) A supplemental reply will be entered if the supplemental reply is filed within the period during which action by the Office is suspended under § 1.103(a) or (c).<

\*\*\*\*\*

\*\*

Applicants are encouraged to include a complete \*>fully responsive reply in compliance with 37 CFR 1.111(b)< to an outstanding Office action in the first reply to prevent the need for supplemental replies. \*\*>Supplemental replies will not be entered as a matter of right, except when a supplemental reply is filed within a suspended period under 37 CFR

1.103(a) or (c) (e.g., a suspension of action requested by the applicant when filing an RCE). See MPEP § 709 regarding suspension of action. The Office may enter a supplemental reply if the supplemental reply is clearly limited to:

- (A) cancellation of a claim;
- (B) adoption of the examiner's suggestions;
- (C) placement of the application in condition of allowance;
- (D) reply to an Office requirement made after the first reply was filed;
- (E) correction of informalities (e.g., typographical errors); or
- (F) simplification of issues for appeal.

When a supplemental reply is filed in sufficient time to be entered into the application before the examiner considers the prior reply, the examiner may approve the entry of the supplemental reply if, after a cursory review, the examiner determines that the supplemental reply is limited to one of the situations set forth above. This list is not exhaustive. The examiner has the discretion to approve the entry of a supplemental reply that is not listed above. If a supplemental reply is a non-compliant amendment under 37 CFR 1.121 (see MPEP § 714), the supplemental reply will not be entered. If a supplemental reply is not approved for entry, the examiner should notify the applicant in the subsequent Office action. If applicant wishes to have a not-entered supplemental reply considered, applicant should include the changes in a reply filed in response to the next Office action. Applicant cannot simply request for its entry in the subsequent reply. The submission of a supplemental reply will cause a reduction of any accumulated patent term adjustment under 37 CFR 1.704(c)(8). If the supplemental reply is approved for entry, the examiner should clearly indicate that the subsequent Office action is responsive to the first reply and the supplemental reply.
